Child Center MaryGrove Implements FAMCare for Child Welfare Case Management Efficiency

Child Center~Marygrove (CCM) has a rich history of more than 200 years caring for children, teens and young adults, offering a safe and healing environment for its residents. The Mission of Child Center~Marygrove is to provide quality mental health services to severely disturbed children, young adults and their families who are economically disadvantaged.

The second largest residential treatment facility in Missouri, Child Center~Marygrove is a new beginning for the early 640 children served each year. Recently Child Center Marygrove hired GVT to implement FAMCare to improve their case, clinical and financial management process and build upon an already successful process.

With [FAMCare](#) - Child Center MaryGrove now has a proven information management foundation that will assist them in data management, decision making, financial and revenue management and improving the outcomes for the vulnerable children they care for.
